Chicago, June 17.—The Christian Endeavor Society with its 4,000,000 members and other young people's church societies defeat their purpose by drawing young men and women away from the Sunday schools, according to the Rev. H. H. Hammill, of Nashville, Tenn., at the Sunday School convention here today. "The time has come when all the young people's societies in the churches ought to turn back into the Sunday schools," he said. "The Sunday school and the societies have nearly all things in common and the school being more fundamental ought to absorb the societies."

"Our young people's societies remind one of the Scriptural saying 'Seven women shall lay hold upon one man'. In many of them seven young women lay hold upon one solitary young man."

## HUERTISTAS DECLARE U. S. ATTITUDE IN REGARD TO MEXICAN HEAD TANTAMOUNT TO AIDING A FRAUD AT THE ELECTIONS

### Delegation at Niagara Falls Issues Statement Making Americans Defendants

### THREATENED SPLIT IN REBEL RANKS AVERTED

### It Is Believed the Threatened Breach Between Villa and Gen. Carranza Has Been Averted

#### BULLETIN.

EL PASO, Texas, June 17.—Carranza and Villa adjourn here tonight to issue a joint appeal to both the constitutionalist chief and the Chihuahua leader asking that both desert from what they considered a condition which would ruin the chances of the constitutionalist revolution, both internally and internationally. The message was drawn up by the form of a diplomatic memorial to the two leaders reported to have come to an open breach yesterday.

NIAGARA FALLS, Ont., June 17.—The Huerta delegation to the mediation conference issued a statement tonight charging that the insistence by the United States on a constitutionalist for the provisional presidency as opposed to a "neutral" was "tantamount to abetting" and "enacting, fraud and violence at the elections."

The publication of this statement was unexpected by the American delegates. Justice Lamar and Mr. Lehmann read the statement issued by the Mexican delegation and determined to make public their reply. This will be given out tomorrow.

The Mexican statement outlines the substance of a memorandum dated June 12th, which the Huerta delegates gave to the American delegation and to which the latter have since replied. The statement says: "There is no reason for further concealment of the difference which has arisen between the American and Mexican delegations to which the press has already referred, over the provisional government of Mexico. The Mexican delegation agreed to the designation as provisional president of a neutral. The American delegation submitted its plan based on the condition that the provisional president shall be a constitutionalist, a condition which the Mexican delegation flatly rejected without even consulting its government. To put in writing the reasons for the rejection, so that they might better be studied by American delegates, the Mexican delegation addressed to them the considerations of which are the following:

"In a country unused to electoral functions such as Mexico, a provisional government composed of revolutionaries would turn the elections as it wished, the public vote would be falsified and the result would necessarily be the election of another revolutionary. Consequently when the Washington government insists on the designation of a constitutionalist as provisional president it favors also the imposition of a revolutionary president at the elections. Such an attitude is bad for the two countries because it will create a national sentiment of hostility in the Mexican people, bad for Carranza and his party because public opinion in Mexico would ever accuse them of having brought about the intervention of a foreign nation to enable them to achieve power."

"In the United States and in some European countries the influence of the government in power on elections is slight, if any. In Latin-American countries it is usually decisive. In Mexico in the present circumstances only a well balanced government can guarantee freedom, so that the rejection of the neutral government proposed by the mediators is tantamount to abetting and even to exacting fraud and violence at the elections."

"The American delegation draws an illogical inference when it says that the rebel forces show that the nation is with them. The central and eastern states of the republic which have a total population of over 10,000,000 inhabitants, are not under rebel control."

## SPRINGFIELD AIRMEN BACK TO CIVILIZATION

### DONALDSON AND HENDERSON SAFE AT U. S. FOREST RANGER STATION

Their Balloon, The Springfield, Wins Second Prize—Tell Story of Intense Suffering as Result of Being Lost For Five Days in the Mountain Forests.

PORTLAND, Oregon, June 17.—With the safe arrival of Roy Donaldson and Wilbur Henderson of the Springfield at a United States forest ranger station in Hood River county today, the last of the four groups of aeronauts who sailed from here last Thursday was accounted for.

After landing on the precipitous slope of Table Mountain Friday morning, Donaldson and Henderson, early today reached Walker's Prairie ranger station, forty-eight miles east of Portland, suffering from hunger and exhaustion as a result of being lost for five days in the mountain forests. Their balloon won second prize. Third place went to the Million Population Club and fourth to the Uncle Sam. The passengers of all the balloons had narrow escapes from death.

The crew of the Springfield arrived in Portland today with a story of intense suffering. Their feet were banded in strips torn from their shirts. Yesterday their food supply was so diminished that they subsisted on eight beans each and a few wild berries. Their balloon landed without accident but they were left in the wilds without matches.

The Kansas City III, which won the race, covered approximately 75 miles.

### PATMONT'S DISAPPEARANCE STILL CLOAKED IN MYSTERY

Authorities Unable to Obtain Clue Which Might Indicate Missing "Dry" Workers Whereabouts.

Detroit, Mich., June 17.—The disappearance of Rev. Louis R. Patmont of Milwaukee, the prohibition advocate was still cloaked in mystery tonight. The police and the minister's friends said they had not obtained a clue which might indicate the whereabouts of the man who figured prominently in the last Illinois local option campaign and who dropped out of sight in Detroit last Monday.

"I may have a new explanation tomorrow," said Rev. Claude F. Witty, of Detroit, a close friend of Mr. Patmont, who has charged that the disappearance of the Wisconsin minister is connected with the efforts of Patmont to make Illinois dry. The police are still working on the theory that Patmont was not kidnapped.

"If the nation is with Carranza as the American delegation claims, it is, the nation will elect him without the necessity of tainting his triumph with either fraud or violence or the charge of its being the fruit of foreign intervention."

**Resignation Not Accepted.**  
Saitillo, June 16.—Via Laredo Texas, June 17.—General Villa's resignation as commander of the constitutionalist army of the central government has not been accepted and the threatened breach between Villa and General Carranza has been averted, according to a statement from General Carranza's headquarters late today.

It was reiterated that representations of the strained relations between Generals Villa and Carranza had been greatly exaggerated and that Villa would go immediately to Zacatecas to direct the assault on that town.

It was announced that the campaign against Zacatecas would be pushed; that 5,000 men had left Torreon for Zacatecas yesterday and that 3,000 more would leave today. It is understood that the attack on the strong positions will be carried on by assault.

General Oregon encountered a strong force of federalists between Manazillo and Guadalupe and it is stated, defeated them decisively yesterday, killing 100 and wounding many others. He has cut Guadalupe off from communication with the outside world it is said, and also has cut the lines of communication leading to Manazillo.

## WOMEN'S CONVENTION PASSES INTO HISTORY

### MEETING OF GENERAL FEDERATION OF WOMEN'S CLUBS CLOSES

Protest Is Made of the Endorsement of Suffrage for Women—Endowment Fund of \$100,000 Is Completed—"Minority Report" Causes Some Disturbance.

CHICAGO, June 17.—The twelfth biennial convention of the general federation of women's clubs passed into history tonight as one of the most successful ever held. Features of the day were a protest against the endorsement of suffrage for women and a veritable saturnalia of giving which poured \$20,000 in comparatively small sums into the treasury of the federation and completed the endowment fund of \$100,000.

Mrs. Percy V. Pennybacker, the president, started the giving with an eloquent plea for funds. Every time there was a lull Mrs. Frederick A. Dow of Chicago, president of the Illinois federation, was on her feet with announcements of gifts from her delegation until finally everyone got to laughing about it. Great applause greeted a sally of an unmarried delegate who inquired: "Is the Illinois lady the one who put the Dow in endowment?"

Several clubs had been placed on the honor roll at \$10 each, when Mrs. Robert J. Burdette spoke for the protest.

"My husband is a newspaper man, my two sons are newspaper men and I have ink on my thumbs," said the wife of the California humorist. "I will give \$100 to place the press on the honor list."

A paper which purported to be a "minority report" caused some disturbance before its authenticity and origin were discovered. It came to Mrs. Pennybacker unsigned and declared that suffrage should not have been endorsed. It quoted the late Mrs. Sarah Platt Decker as against entangling the federation in a political question. Discussion developed the fact that the paper had been written by Mrs. J. C. Terrill of Marshall, Texas. After Mrs. Terrill had withdrawn the reference to Mrs. Decker, the statement, still captioned "minority report," was made part of the record.

At the afternoon session Mrs. Horace Mann Tower of Iowa and Washington, D. C., was chairman. The closing session tonight was for discussion of "What Youth Can Bring to the Federation," and "The Greatest Service the General Federation Can Render the Young Women of America."

Miss Margaret Woodrow Wilson, daughter of the president, was among those who made three minute talks.

Adjournment was taken subject to call by the president.

Adjourned at 5:50 p. m. to noon Thursday.

WASHINGTON, June 17.—The effort of the administration to obtain the ratification of treaties with Colombia and Nicaragua was blocked today in the senate foreign relations committee and there was evidence that the opposition would prove sufficient strong to bring on a lively fight in the committee and a harder battle on the senate floor.

#### General Reforms Proposed.

General reforms in the federal judiciary are proposed in the Watkins bill passed by the house today and sent to the senate for action. The measure would prohibit judges of United States courts from expressing personal opinions in charging a jury and from taking away from a jury the determination of issues of fact. This, it is said, would reduce the incomes of many district court clerks by thousands of dollars.

#### Quorum Hard to Keep.

Democratic leaders are having their troubles trying to keep a quorum at work clearing the way for an early end of the session. Today, after three hours' consideration of the Indian appropriation bill, the point of no quorum was made by Senator Jones and the Republicans on the floor outnumbering the Democrats forced an adjournment.

## ASKS RECEIVER FOR LA SALLE STREET BANK

### PETITION SIGNED BY STATE AUDITOR WILL BE FILED TODAY

Is Based On Examination Conducted by Chief State Bank Examiner Harkin — His Report Reveals "Loans" to Companies Controlled by William Lorimer and C. B. Munday.

SPRINGFIELD, Ill., June 17.—A petition asking for a receiver for the La Salle Street Trust and Savings bank, signed tonight by State Auditor James J. Brady, will be filed tomorrow in Cook county. The petition is based on the examination conducted during the past week by Chief State Bank Examiner Daniel V. Harkin, who was in conference all day and until late tonight with Attorney General Lucey and Auditor Brady.

The report of Examiner Harkin reveals "loans" made by the bank to companies controlled by William Lorimer and C. B. Munday, president and vice-president of the closed bank, to companies they controlled and to employees, totaling \$1,573,000. As security for these loans personal notes and securities which the state auditor says are worth not over \$30,000 are held by the bank. The investigation shows that there is \$2,000,000 worth of notes, bonds and other securities in the vaults of the bank, all of which is listed as good, but which may depreciate materially at forced sale. In a list labeled "doubtful" is the irrigation, construction, reclamation and development company paper of the Lorimer-Munday combination.

If the stockholders were compelled to pay the double liability on their stock and this could be collected, the available fund would total \$1,250,000 capital and surplus \$1,000,000, double liability and \$2,000,000 worth of paper, a grand total of \$4,250,000. This would afford full payment to the depositors and be practically a total loss to the stockholders.

The loans which Lorimer and Munday are said to have made to their own interests, with no security except as noted, are:

William Lorimer, Jr., & Co., \$125,000; J. P. Gallagher, \$100,000; Southern Traction company, \$160,000; Lorimer & Gallagher Construction company, \$160,000; Southern Traction company (bonds bought), \$350,000; Illinois-Louisiana Land company (bonds bought), \$203,000; Litchfield Mill and Elevator company, \$100,000; C. B. Munday & Co. grain brokers, \$125,000; Truax, Greene & Co., \$130,000; C. E. Ward (Lorimer's secretary), \$125,000.

The William Lorimer, Jr., & Co. and company and the J. P. Gallagher company notes are as security bonds of the Southern Traction company.

The Louisiana project is promoted by C. B. Munday and J. Y. Sanders, former governor of Louisiana, who is Munday's attorney in the present case.

Attorney General Lucey, Auditor Brady and Examiner Harkin would not discuss the case in detail before leaving for Chicago; all the attorney would say was that the receivership had been decided upon.

Asked if any criminal proceedings would be instituted at this time, the attorney general stated that such action would necessarily be based upon the record established in the receivership proceeding.

"If the record warranted such action," said Mr. Lucey, "the matter would be taken up with the state's attorney of Cook county."

**Charges Against State Auditor.**  
Chicago, June 17.—Charges that the state auditor exceeded his rightful powers when he ordered the closing of the La Salle Street Trust and Savings bank last Friday were the burden of a suit filed in the Cook county superior court today asking for an accounting of the affairs of the bank and the appointment of a receiver for it if such action appeared necessary.

Management and misappropriation of the bank's funds are also alleged in the suit against the officers of the closed bank, which was filed in the names of Desider L. Tarnjan as receiver for a syndicate which was originally formed to buy and dispose of the stock in the Realty Realization company. As receiver, Tarnjan said he deposited more than \$2,000 in the La Salle street bank. The complaint asserts that the examination by the state bank officials could progress while the bank is kept open and that the state auditor has no authority by which he can prevent the officers of the bank from paying the complainant's demands.

In the complaint it is further charged that the officers of the La Salle street bank have engaged in large enterprises with the money deposited in the bank without giving adequate security for it and that in consequence of the failure of the alleged projects the funds have been depleted.

### ADMINISTRATION SUPPORTERS ARE CONFIDENT OF VICTORY

Demonstration by M. W. A. Insurgents Is Without Avail—Outbreak Nearly Develops Into Serious Riot.

Toledo, Ohio, June 17.—Confident that a demonstration by insurgent delegates at today's session of the triennial convention of the Modern Woodmen of America here, was ineffectual in winning any delegates from the administration forces, the regulars tonight planned to proceed tomorrow with the regular order of business. Trouble was precipitated at this morning's session when Head Consul Talbot announced that the credentials committee would not be ready to report until tomorrow and they thereupon proceeded to a demonstration. Insurgents objected strenuously to the announced program and for a time the outbreak threatened to develop into a serious riot. Finally quiet was restored and the convention adjourned.

At a caucus tonight of the administration delegates 250 answered to the call and offered support to the credentials committee. The regular delegates were confident that their candidates, selected at the caucus would be elected.

### GOVERNOR EBERHART DEFEATED IN RACE FOR G.O.P. RE-NOMINATION

W. E. Lee Is Victorious for Republican gubernatorial Nomination of Minnesota.

St. Paul, Minn., June 17.—Governor Eberhart was defeated in his race for the Republican nomination for governor and W. E. Lee, his opponent, was victorious by from 1,500 to 2,000 votes, judging from returns tonight from yesterday's statewide primary election. Although returns from less than half the total voting precincts were available, late figures from the country districts kept up Lee's lead. With Governor Eberhart's defeat practically assured, interest tonight centered in the contest for the Democratic gubernatorial nomination, in which Congressman W. S. Hammond and Daniel Lawler were running closely.

Congressman C. A. Lindbergh of the Sixth district, Sydney Anderson in the First, George R. Smith in the Fifth, C. B. Miller in the Eighth and Halvor Steenerson in the Ninth, who sought renomination on the Republican ticket, were successful, according to tonight's indications.

### Kaiser Wilhelm II Lies at Anchor Off Netley with Big Hole in Her Side

HAS 1,000 PASSENGERS BOUND FOR NEW YORK

### Accident Occurs in Dense Fog—Water Tight Doors in Bulkheads Save Big Liner

SOUTHAMPTON, England, June 17.—The North German Lloyd Steamer Kaiser Wilhelm II, which left Southampton shortly after noon today, bound for New York with a thousand passengers, lies at anchor tonight off Netley, three miles to the southeast, with a big hole in her side amidships caused by a collision with the Liverpool grain steamer Incemore bound from a Black Sea port for Antwerp.

The collision occurred in the English channel thirteen miles south of the Nab lightship in a dense fog. The responsibility for the collision has not been ascertained at present. The officers of the Kaiser Wilhelm II. have permitted no communication to be held with anyone on board and they themselves refuse to give out any information. Such scant details as have been obtained came from the Incemore.

That vessel it is stated by those on board, had virtually come to a stop because of the danger of continuing their way in such a thick fog when suddenly there loomed up just ahead of her the huge bulk of the Kaiser Wilhelm.

After the collision the two steamers stood by each other until it was ascertained that neither needed immediate assistance, then both started slowly for Southampton.

Officials of the North German Lloyd company are endeavoring to arrange for the transference of the Kaiser Wilhelm's passengers to another steamer. A proposal was made to the Hamburg American line that the Imperator, which will leave Southampton tomorrow, with Col. Roosevelt in the large list of passengers, take the Kaiser Wilhelm's passengers. But this has not yet been settled.

**Watertight Doors Save Ship.**  
London, June 17.—The London office of the North German Lloyd company issued a statement tonight regarding the collision, saying: "The Incemore rammed the Kaiser Wilhelm at right angles and scraped along for some distance, but the watertight doors in the bulkheads kept back the water, which leaked into one compartment. Directly the fog came on, Captain Dahl had closed his watertight doors to be ready for any contingency."

"The Kaiser Wilhelm II. has a hole below the water line nearly amidships, but the extent of the damage has not yet been ascertained. After waiting on the spot for half an hour, the Kaiser returned to Southampton.

"No one on board was injured. The boats were got ready for swinging out, but were not swung out. There was no excitement on the vessel. Captain Dahl decided to come into dock so as to be ready in the morning for an examination by divers."

The Kaiser Wilhelm carried 152 first cabin passengers, 188 in the second cabin and 700 in the third, with a crew of 640.

## HELD BANQUET AT ARMORY HALL

TWO HUNDRED ILLINOIS MERCHANTS ATTEND THIS ANNUAL EVENT.

Value of Co-operation in Business and Social Life Emphasized by Speakers—Addresses Made by Francis Simmons and George V. Greene of Chicago.

The annual banquet of the Illinois Retail Merchants' association was held in Strawn's hall Wednesday night. Tables were spread for two hundred. There was a long speaker table and the other banqueters were seated at tables which comfortably accommodated four persons. The silver and linen and flowers made the tables handsomely spread. A menu of unusual excellence was served. Vickery and Merrigan catering. The service left nothing to be desired. The invocation was by J. R. Watt, secretary of the Y. M. C. A., and addresses were made by John J. Reeve of Jacksonville, Francis T. Simmons and George V. Greene of Chicago. Jeffries concert orchestra furnished a delightful program of music.

T. M. Tomlinson presided, and in appropriate language presented John J. Reeve, president of the Chamber of Commerce for an introductory address and as toastmaster.

The menu served was as follows:

Cream of Tomato Bouillon  
Wafers  
Olives Pickles Radishes  
Spring Chicken Peas en Case  
Boiled Ham Creamed Potatoes  
Manhattan Rolls Vienna Bread  
Pineapple Ice  
Tomato Salad Wafers  
Raspberries  
New York Ice Cream  
White Cake Chocolate Cake  
Salted Nuts Bon Bons  
Coffee  
Jacksonville Made Cigars

Mr. Reeve referred the pleasure it gave Jacksonville to entertain the retailers and then he introduced George Greene of Chicago, manager of the Chicago office of the Shredded Wheat Co., for eight years secretary of the Illinois Retailers' association.

The Way To Succeed.

Mr. Greene's subject was "The Retailer and His Problems," and he said in part: "I have been longer a retailer than a follower of any other avocation. I possibly would rather talk on the vehicle to success. Strictly speaking the each man is his own vehicle but there are contributing causes to success. I would like tonight to go into some reminiscences. When I was a resident of Peoria I for a long time hesitated about joining with the association but I offered some suggestions and immediately the president insisted that I speak at their meeting and try to have my suggestions embodied in action. I was 'called' by the president. Too often people are ready with suggestions for other people to carry out. I was complimented for some of the suggestions and was thus encouraged. Often we fail to compliment and encourage those whom we could thus aid. The note written me at that time by the grand old man, George H. Scherer, started me in association work. Whatever of success I have had since is largely due to him. I counted it a great honor when some years ago I was elected secretary. I served with that excellent man C. H. Tebbett, now deceased and then with the forceful George Kingsbury. Then I was hooked up with that little bundle of ambition, Sol. Westfeldt. Afterward there came the forceful O. M. Kling of Alton and with him as president I closed my term of office. These men all had their own methods but we had no friction.

To Much Speed.

"A vehicle is that which is used for conveyance. Recent years have shown great progress in the matter of conveyance and we have the four and six cylinder cars instead of those of one or two. Success is the favorable termination of things. The problem for each individual is how to achieve it. We figure now that we ought to get success in five or ten years and retire. We desire the same speed in business as in vehicles of street conveyance. I take the optimistic view always but occasionally it would be well for us to put on the brakes. It takes time to work out things rightly and well. I always have and now believe in the seed of co-operation to achieve. Co-operation must result in the bettering the individual or else it is a failure. The individual must be improved and make a success. If co-operation amounts to much. Rob the neck of a balky horse with snow and he will move. The simple act gives the animal a new thought. That is about all any of us need. After the individual the next vehicle is the joining with your fellows for mutual help. There will always be a difference of opinions among men. Show me the man in whom the moral and intellectual predominate and you will show me a man of generous spirit. Sometimes though he may lack a certain something which keeps him from making a business success.

"Among grocers you will find many incompetents, many men who have failed in other lines try this business. No doubt this accounts for the fact that there are so many abuses and faults in the conduct of this line of business. The troubles of the retailers are many. Perhaps the greatest single trouble is knowledge as to credit. It is hard to do a cash business but a merchant should have all possible information as to the right of credit on the part of the customer. One of the greatest stumbling blocks in the matter of credit is our lack of sand that is we pretend to believe the 'book' that is handed us by the seeker for credit. If the retailer would adopt the methods of the manufacturer as to credit there would be less

trouble over accounts. Our company extends a credit of 30 days with 2 per cent off for cash in ten days. If the 30 days is stretched a little we remonstrate and if the remonstrance is not heeded out goes a notice to that merchant that cash must accompany all orders in the future.

Value in Co-operation.

Then the audience, led by the orchestra, joined in singing "Illinois," and Mr. Reeve introduced the next speaker, Mr. Francis T. Simmons of the Simmons Manufacturing Co., Chicago. His theme was "True Co-operation," and he said, among other things: "I believe this banquet is not been for the good work done years ago by my predecessor, Mr. Greene. It was about twenty-five years ago that I came here and got two of your best citizens (Mr. Tomlinson and Mr. Byrns) and later returned them in good order. It is a useless mission to come here, though, to talk about co-operation, for I see it well exemplified. I find here a city which is one great bank. I wonder if you appreciate what one man has done for this city in establishing Nichols park. For years to come the people will rise up and call him blessed. I wondered, too, at your splendid bank building, and I marveled at the beauty of the scene as I stood upon the roof. You do not need factories to make a city. As I have moved about Jacksonville today I have been impressed with the signs of stability and with the beauty and peacefulness of life here. You don't need whisky to back business in a town, and time is demonstrating the fallacy of that theory. There are one or two things in the line of embellishment which you could do and without much cost. Is this city, with its arching elms, there is some lack in the grass and lawns beneath. There is many a large or small lot in this city which you could obtain rent free. There you could develop shrubbery with little cost. I would gladly supply you with a plan for planting shrubs along the boulevard lines and the effect would make this city one great park.

Chicago the Metropolis.  
"I cannot blame some people for getting the idea that Chicago does not belong to Illinois. It is not surprising when one thinks of the bunch we have sent to the legislature from Chicago. The fact remains, however, that Chicago is a part of the state, a metropolis that Illinois is proud of. The Chicago Chamber of Commerce is worthy of confidence and has proven its sincerity in trying to establish the most cordial relations between Chicago and down state cities. The organization of the Illinois committee was had with this in mind. The Chamber of Commerce believes that the interests of Chicago and the various cities of the state are to a great extent identical. With this in view, a line of correspondence has been opened up between the Chicago association and 200 similar organizations in the state."

The speaker then read a letter written by the local Chamber of Commerce to the Chicago association, reviewing the work done here. He complimented the spirit which he detected in the letter. In closing, Mr. Simmons expressed his pleasure in being invited to speak at the banquet and said the visit to Jacksonville had meant much to him.

After Mr. Simmons had concluded Mr. Hartman of Alton, president of the Illinois Retail Clothiers' association, spoke briefly upon the work being done by the Illinois Commercial Federation, of which Mr. Ferguson is the president, and his remarks were concurred in by Mr. Simmons, who also referred to the Chicago association will soon make down state in order to come into closer touch with residents of these cities.

Mr. Reeve then thanked the speakers and the audience for their presence and made the timely suggestion that only as men and communities come to a realization of their duties to each other do they attain the right estimate of life. The company then disbanded, as the orchestra played.

## MERCHANTS DISCUSSED IMPORTANT THEMES

CREDIT AND RATING SYSTEMS OCCASIONED SPIRITED DEBATE.

Members Differ in Estimates of Value of Official Publication—Anderson Gives Points on Industrial Development—Sol Westerfield Reviews Legislative Situation.

The Wednesday sessions of the Retail Merchants association opened at 9:30 o'clock. H. A. Cleveland of Rock Island for the credential committee reported 66 credited delegates present. These were made up as follows: Alton, 7; Belleville, 1; Cairo, 1; Decatur, 1; Edwardsville, 3; Elgin, 2; East St. Louis, 8; Jacksonville, 3; Joliet, 1; Litchfield, 1; Moline, 5; Ottawa, 1; Rockford, 1; Rock Island, 3; Taylorville, 3; Chicago South End, 5; United Grocers & Butchers, Chicago, 7; Chicago Grocers & Butchers, 12.

The first matter considered was the report of the committee on reports which related to the part of the president's address referring to a rating system. This report was read by Jonas A. Johnson of Chicago, who discussed the matter at some length. W. M. Davis, president of the national rating league, by request then made a statement concerning the plan of collecting followed by the league.

A committee of five was then appointed to confer further with Mr. Davis and to report later to the convention the advisability of having the association adopt the league's plan or rather become members of the league. In the debate it developed that there was a good deal of opposition among the members to this plan. Next the question box was opened and among the questions found therein was "Are you getting net weight from your jobbers and wholesalers, if not, why not?" "Is it a good plan to print the grocers' price in the Journal?" If the Journal is self-sustaining why is it necessary to force on the members of the local organization a tax of 50c to support the publication?" The questions referring to the Journal and other propounded but not in the question box proper resulted in a somewhat hot discussion as to the value of the paper, and the proper matter to be used therein was discussed at length. Finally the question as to the desirability of maintaining the Journal as at present was referred to a committee and this committee brought in a report advocating the present plan. Another of the questions discussed was the need of a garnishment law and the various delegates told of the opposition to a revised law in their localities.

Arthur Rector of Wichita, Kan., secretary of the Kansas State Retail Merchants association, told of the Kansas garnishment law which was secured by the influence of the association merchants. Under this law it is possible to garnish one per cent of any persons wages no matter what the total wage amounts to, if the bill contracted is for the necessities of life. One question in the box had evidently been placed there by some way and asked who it was that broke the plate-glass window at the Pacific Hotel Tuesday night.

Afternoon Session Begins. At the afternoon session which began at 2:30 there was further discussion of portions of the president's address and reports were presented also from various associations. The credentials committee also reported that additional delegates had arrived and that 70 were on the accredited list.

Anderson Pace, industrial commissioner of the Chicago Chamber of Commerce, made a very interesting address emphasizing some points whereby the strength of the Illinois association may be increased. He criticized emphatically the methods followed by some cities in their efforts to secure factories making it plain that good and permanent benefits would never come in this way. He explained that the attitude of the Chicago Association of Commerce in offering to send men out into the down-state cities and towns was not with the idea in view of getting more factories for Chicago, but rather with the hope of benefiting the down-state cities. He said that the men of Chicago did not claim to be any wiser or smarter than the citizens of the fact that they lived in the metropolis that they were in a better position to see how the factory business develops.

Mr. Pace said that Chicago is really seeking to get a number of factories moved to the smaller cities where industrial conditions are better and the workers can be more comfortably housed. He said that notwithstanding this fact, an effort that every little while some large factory moves from a down state city to Chicago. The reason usually given for such removal is that the factory manager cannot secure the necessary labor in the small towns. He said that the factory is important to the smaller towns because while farmers and those who are well to do may often send away to the mail order house that the wage earner who is paid weekly can be depended upon to buy at home. Further Mr. Pace said: "We feel in Chicago that we can be of aid in advising down state cities anxious to secure factories how they may proceed in accomplishing those things they desire. If a doctor cures you of any ailment, or gives you advice which results in your health betterment you do not object to any glory he may get from it and so you should not let the fear that we Chicago men will come in for some praise by working with you prevent you from asking for our co-operation. Sometimes it is better for a city to develop intensively for a time and thus

### PREPARING FOR BIG HIGHWAY TOUR JUNE 24

Good Roads Picnic at Griggsville  
Will Culminate Day's Program.

Hannibal Courier-Post: Reports from several clubs in Illinois indicate that the automobile inspection tour over the Hannibal-Springfield highway on June 24 will be very successful, as enthusiasm among the good roads boosters is running high. Secretary Scheidker is making arrangements now to issue an itinerary in the next few days and will send out literature to get out a good representation from all along the route.

The trip will be started from the two terminals of the highway at the same time, about 8 o'clock in the morning. At every town along the route the party will hold a short meeting to boost the good roads movement and additional automobiles will be picked up.

The plan is to meet at Griggsville about noon, where a big good roads picnic will be held at the fair grounds. Following the dinner, served by the Griggsville people, there will be speeches by some of the road enthusiasts, including Governor Edward F. Dunne, who is greatly interested in the movement.

The Hannibal Automobile club will have a good string of cars on the trip, as several owners have already offered the use of their machines. An effort will be made to take a large delegation on the trip, as the entire territory is adjacent to this city. C. F. Adams, president of the Hannibal-St. Joseph association, has written Secretary Scheidker that he will join the party for the trip.

A letter received from C. M. Tinney, secretary of the Springfield Commercial association, says that interest is increasing in the inspection tour and that a good sized party will leave there, including Governor Dunne. Jacksonville has marked the highway fifteen miles west and is arranging for marking a portion east.

John Tucker of Hadley, Pike county, writes that the highway will receive the official marker through Hadley township next week.

Kinderhook will put nearly twenty-five cars in the line from this end of the road, is the word from D. S. Griffith of that town.

Mrs. Fanny Griswold of White Hall was a shopper with city merchants yesterday.

The Taylorville "Boosters" special, via automobile, arrived in Jacksonville Wednesday afternoon from 4 until 5 o'clock. The citizens have come to capture the convention of the Retail Merchants for Taylorville next year. Each car was decorated with two banners, one bearing the word "Taylorville," and the other "Taylorville Chautauqua Aug. 23-30." The men are wearing badges of yellow which say, "Taylorville wants you in 1915." The Taylorville citizens are surely enterprising and they were given the glad hand upon their arrival yesterday. ### ATWOOD CASE IS GIVEN TO THE JURY WEDNESDAY AFTERNOON

Judge Creighton Orders Sealed Verdict—Defense Introduces More Than a Hundred of Mrs. Atwood's Letters.

The case of Mrs. Etna L. Atwood, who is suing S. T. Erixon in the Sangamon county circuit court to recover \$10,000 which she alleges he borrowed from her, was given to the jury Wednesday afternoon. Judge Creighton ordered a sealed verdict and the result will not be known until today.

During the day more than one hundred letters from Mrs. Atwood were read into the record in an effort by the defense to show that in none did she ever make mention of the defendant's alleged debt, but on the other hand that she constantly asked him for money to meet expenses. One of the letters written in the early spring of 1912, in which she told of a visit to the governor's mansion at Springfield, expressed satisfaction that Mrs. Deeneen was a Christian Scientist but did not realize it.

Mrs. Atwood's letters were filled with religious expressions endorsing the tenets of Mrs. Eddy and most of her appeals to the spiritual world were followed by an appeal for funds. The defendant said he generally remitted and declared that altogether he gave the complaint at least \$6,000, instead of her giving him \$10,000 and that he frequently told her she was breaking him. He said that he made weekly trips to Springfield, visiting Mrs. Atwood in the hope of "getting shut" of her and denied stealing letters he had written her or the alleged notes. The argument of attorneys was comparatively short, both sides consuming one and one half hours.

## How I Produced 12 Pounds of Beef From One Bushel of Corn.

I bought 44 cattle through Milton Marshall & Co., St. Louis, of Henry Wright, they averaged 961 pounds, March 19, 1914 in St. Louis. I put them in dry lots March 27th, fed them all they would clean up in 30 minutes, crushed corn, cob and all then cooked in the 50 bushel size Wood's Grain Softener.

I put them on grass May 25th, they averaged 1200 lbs. when put on grass. While in dry lot I gave each steer 5 lbs. clover hay. After they ate their grain, I kept out straw before them all the time, but they would not eat over one bale of straw per day. I fed at 6 a. m. and 6 p. m., at regular hours.

I measured the grain fed with a No. 8 scoop, feeding 50 scoops at each feed or 100 scoops per day, all they would clean up. I put in 20 bushels ground cob corn and all into a 50 bushel vat. This will fill it making 50 bushels feed, which makes 4 feeds, all they will clean up. I drew 50 gallons of syrup off and added 50 gallons of water, then added 1 1-2 bushels of ground oats and shorts, with which I am feeding 80 pigs that are doing well.

I will feed the cattle about 30 days longer and would be glad to have any one interested come and see them.

## Catarrh is Often Deep Seated

### Local Congestions May In- dicate Much Internal Inflammation.

Just because catarrh affects the nose and throat, few people realize how deep-seated it may be until it creeps into the bronchial tubes and settles down into the lungs. The way to treat catarrh is to recognize the fact that it is in the blood.

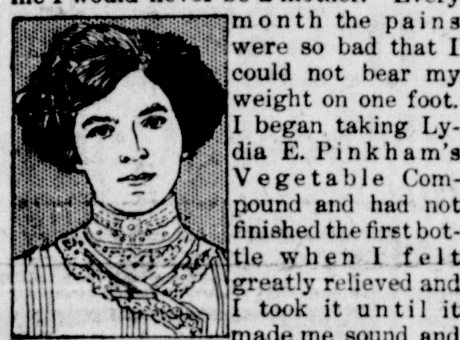

And there is only one blood purifier that can be safely used. It is S. S. S., the most powerful, the most searching, the most assimilative blood remedy known today. It is not a mineral, but a vegetable remedy. The medicinal components of S. S. S. are relatively just as essential to well-balanced health as the nutritive properties of the grains, meats, sugars and fats of foods. Any local irritating influence is the blood is rejected by the tissue cells and eliminated by reason of the stimulating influence of S. S. S.

You will soon realize its wonderful influence by the absence of headache, a steady improved nasal condition, and a sense of bodily relief that proves how completely catarrh often infests the entire system. You will find S. S. S. on sale at all drug stores. It is a remarkable remedy for any and all blood affections, such as eczema, rash, lupus, tetter, psoriasis, boils, and all other diseased conditions of the blood. For special advice on any blood disease write Medical Dept., The S. S. S. Co., 532 Swift Bldg., Atlanta, Ga. Carefully avoid any and all substitutes for S. S. S. There is nothing "just as good."

## MRS. WINN'S ADVICE TO WOMEN

Take Lydia E. Pinkham's Vegetable Compound and be Restored to Health.

Kansas City, Mo.—"The doctors told me I would never be a mother. Every month the pains were so bad that I could not bear my weight on one foot. I began taking Lydia E. Pinkham's Vegetable Compound and had not finished the first bottle when I felt greatly relieved and I took it until it made me sound and well, and I now have two fine baby girls. I cannot praise Lydia E. Pinkham's Vegetable Compound too highly for what it has done for me. I always speak a word in favor of your medicine to other women who suffer when I have an opportunity."—Mrs. H. T. WINN, 1225 Fremont Ave., Kansas City, Mo.

Read What Another Woman Says: Cumming, Ga.—"I tell some suffering woman every day of Lydia E. Pinkham's Vegetable Compound and what it has done for me. I could not eat or sleep, had a bad stomach and was in misery all the time. I could not do my housework or walk any distance without suffering great pain. I tried doctors' medicines and different patent medicines but failed to get relief. My husband brought home your Vegetable Compound and in two weeks I could eat anything, could sleep like a healthy baby, and walk a long distance without feeling tired. I can highly recommend your Vegetable Compound to women who suffer as I did, and you are at liberty to use this letter."—Mrs. CHARLIE BAGLEY, R. 3, Cumming, Ga.

## CONCORD.

Mrs. Dr. Briggs of Chapin made Mrs. Caldwell a pleasant call while on her way to Jacksonville last Thursday.

The ice cream and cake social of the M. P. church, which was deferred from the 13th on account of the rain, will be held Friday evening, June 19th, on the church lawn. Everybody most cordially invited and there may be some music to enliven the occasion, we hear.

June 10th being the 89th anniversary of the birth of the venerable Robert Diggins, his children, William Diggins, Miss Ida Diggins and Mrs. Roy Crouse planned a surprise for him on Sunday, the 14th, at his pleasant home in Concord. A bountiful collation of the most tempting viands was prepared by the daughters and daughter-in-law, Mrs. William Diggins, and was thoroughly enjoyed by all present, especially by the recipient. Those present were William Diggins and wife, Roy Crouse and wife, Charles Eagle and family and Miss Ida Diggins.

Messrs. Ed Curry of Pisgah and Eugene Crouse of Lowder were in Concord, going to St. Louis with hogs, and called on the Caldwell family while waiting for the train south, each being long time friends of the same.

Mrs. Louis Yeck, Mrs. Mollie Bayless, Mrs. Mecca D. Yeck, Mrs. Caldwell and Mr. and Mrs. John P. Yeck and daughter, Nina, Mr. and Mrs. L. B. Smith were representatives of Concord in Jacksonville Monday.

H. H. Bancroft of Jacksonville was in Concord Tuesday.

The Children's day exercises were most appropriately rendered Sunday evening at the M. E. church, to a large and appreciative audience and much credit should be given the committee in charge for the efficient manner in which they prepared the entertainment in the short space of one week for practice.

Harry Ogle and family, accompanied by Mr. and Mrs. John McFadden of the Bend, came to the Children's day observances in Mr. Ogle's automobile.

Austin Smith is convalescent after quite a sick spell. Mrs. Louis Yeck expects to go to visit her son, Glen, at Brighton Tuesday afternoon.

Mrs. Flora and Edna Filson spent Thursday afternoon in Jacksonville. Mr. and Mrs. Waters of Winchester were in Concord Saturday.

Mrs. Elmer Hale of Waverly was in Concord Monday, going to Winchester.

Miss Esther Antrobus of Chapin was in Concord Wednesday, going to Chapin.

Perry and Monroe Leonard had the misfortune to lose a valuable horse Friday.

The little son of Earl Abernathy ran a spike through his foot Wednesday at his home east of here.

Mr. and Mrs. Isaac Cox's family was increased recently by the birth of a 14 pound son.

THE SWIMMING POOL. While the swimming pool at Nichols park is not a certainty still there is good reason to think that there will be an opportunity for a plunge there in a short time. The young men's booster club are considering the erection of a temporary dressing establishment for both men and women and give the matter a try-out using it on the border of the lake and placing a platform for a landing on the bank.

It is of no use to put gravel, cut stone or anything of that kind on the soft mud at the edge of the lake for it would go down out of sight in a short time. Should the enterprise this summer appear encouraging there could be taken to put the pool already excavated in shape and erect something permanent in the way of dressing rooms.

The matter is now under advisement and there is a good prospect that it may be brought about.

SOUTH DAKOTA K. OF P. Mitchell, S. D., June 17.—Two hundred delegates and visitors are in Mitchell for the annual grand lodge of the South Dakota Knights of Pythias and the sessions of the Pythian Sisters. The gatherings opened today and will continue until Friday.

Home Life By WALT MASON.

Man builds a large and stately home, and freely spends his coin for ornaments from Greece and Rome, and art work from Des Moines. He wants a home to dazetheworld that rubbering, goes by, a home of which he may be proud until he comes to die. And having built his stately shack, whose cornice scrapes the stars, he lets it idle stand, alack, and lives in motor cars. In winter, to some southern clime, you see him gayly flee, and in the good old summertime he hikes off to the sea. The cobwebs gather on the walls that once were span and spick, and in the noble, arching halls the dust's three inches thick. To one who's learned the dizzy chase, a home seems flat and stale; he only needs it as a place where he can get his mail. The home life, as we know it, jars the rich man and the swells; they have their homes on motor cars and yachts and big hotels. The gorgeous palaces they build, with minarets and domes, and with the spoils of Athens filled, are anything but homes. Our home life's in the humble cots where cheerful workmen dwell, who cultivate their garden plots, whose healthy children yell.

## INSULT IS MOST POPULAR CRIME IN GERMANY

Thousands of Court Cases in the Fatherland Due to Most Trivial Causes.

Berlin, June 17.—Insult, or *Beleidigung*, as it is termed in Germany, is easily the most popular crime in the Fatherland. This is strikingly shown by statistics of such cases for 1913, just issued. The report is that of the so-called *schiedsrichter*, official peace makers, before whom such cases must be brought in an effort to effect a compromise before recourse to the courts is had. The report shows a total of more than 224,000 cases for the year.

Thousands of these cases were undoubtedly due to the most trivial causes. Newspaper reports of insult proceedings show causes like the following:

Man fined because, when a policeman in citizen's clothing declared himself to be an officer, the culprit replied: "You look like it." Woman, wife of a strikebreaker because, as a group of strikebreakers were passing, she "spat contemptuously."

Striker, fined for saying "Pew" as strike breakers were passing.

Police lieutenant, fined for saying to a young man in the station house, "Keep still, green youth."

Socialist, fined for sending Socialist campaign literature to a Prussian policeman.

Landrat (a local official of great power in Prussia), fined for insulting a magistrate by declaring that he would not give testimony "to such a youth."

Socialist editor, fined for insulting the public authorities by referring to a many time convicted pander and petty thief as "the crown witness," in allusion to the fact that a brother editor had been convicted in another case upon this man's testimony.

Will Have Catholic Majority.

That Prussia will have a Catholic majority in two or three generations is the conclusion of two writers, who separately have been studying the statistics of population. In 1875 out of every 1,000 children born in wedlock 603 had Protestant parents, but by 1911 this number has sunk to 509. On the other hand, the number of children of pure Catholic parentage rose in the same years from 339 to 408. The conclusion is drawn that if the movement of the past 36 years continues unchanged for another period of equal length, the purely Catholic births will then be 478, as compared with only 435 Protestant. These figures leaves out of account of the children of mixed marriages and those of Jewish parentage. It is interesting to note that the percentage of Jewish births has fallen more sharply than that of the Protestants; where there were 11.1 Jewish births per 1,000 in 1875 there are only 5.2 in 1911. The school statistics of Prussia strikingly confirm the movement described above. From 1886 to 1911 the gain of Protestant pupils in the common schools was \$69,000, whereas the Catholic pupils gained 920,000. In explaining the cause of this movement it is pointed out that Protestant population of Prussia is much wealthier than the Catholic, and it is also much more largely represented in the big cities—and it is precisely among the wealthier classes and in the urban population that the birth rate has declined most sharply.

More Interest in Athletics. The growing interest in athletic sports in Germany finds a fresh illustration in the opening by the emperor on May 26 of an extensive field for sports, to be used solely by the 14,000 students of Berlin university the Charlottenburg Technical university, and the other educational institutions of Berlin. The emperor and the empress attended the dedication, and the Prussian minister of education and public worship delivered the principal address. He described the rapid growth of interest in athletics among German students; sports and games, and rowing had become universal. The grounds, he added, had been given by the Prussian state, which also bore the expense of clearing them and erecting the necessary houses. The grounds are in the Gunewald, the largest forest lying half an hour's ride to the west of Berlin.

The Misses Esther Brown and Sarah Detrick of Concord gave several recitations in a charming manner and were given the best of attention by the large number present. We were glad to meet so many friends from Concord and the Literberry society was highly favored by the part furnished in their program by their friends. Pauline Henderson sang a solo with piano accompaniment, and Mrs. Durrell Crum furnished a good part of splendid music. ## WILLIE HOPPE WANTS TO CORNER EVERY BILLIARD WORLD TITLE.

Willie Hoppe, having cornered every billiard record and title but two, is going out after them with a vengeance. The wizard still lacks the honor of having made the highest average and the high run in 182 ball line, although he has often come very near doing so. Hoppe says he will play on forever if necessary in order to beat these figures.

## BAN JOHNSON ISSUES DEFY TO FEDERAL LEAGUE

Warns Players Who Are Thinking of Jumping to "Outlaw" Organization.

Chicago, June 17.—Ban Johnson, president American baseball league today issued a defy to the Federal League and a warning to baseball players who are thinking of transferring their allegiance to the new league.

"I will see to it," he said, "that no player who jumps, no matter how big a star he is, will ever play in organized baseball again."

A statement by James A. Gilmore, president of the Federal League that he could wreck the two big leagues in thirty days if he signed all the players who had offered to desert organized baseball was responsible for the Johnson warning.

"Federal league teams will not get a single player from Charles A. Comiskey's club," said Johnson. "If Hal Chase jumps his contract, he will never play with the third league club. We will stop him the same way Chief Johnson was prevented playing with the Kansas City club."

## SURPRISED AT THE CHANGE.

The Blooming Pantagraph: Charles Rafferty, a well known former Alton engineer, and for a number of years hostler in charge of the Alton "lavyer" engines at Jacksonville, will take a position as inspector of engines at Roodhouse.

Rafferty has been spending several weeks looking over some land of his in Kansas, and did not know that his position as hostler had been abolished, and was greatly surprised to see the C. P. & St. L. hostler doing the work on the Alton engines when he reported for work at Jacksonville.

**FUNERAL NOTICE.**  
The funeral of Albert McFarland will hold this morning at 10 o'clock at Liberty cemetery, where interment will be made.

## PETER VOLO UP AGAINST TOUGH SEASON IN THE TROTTER FUTURITIES.

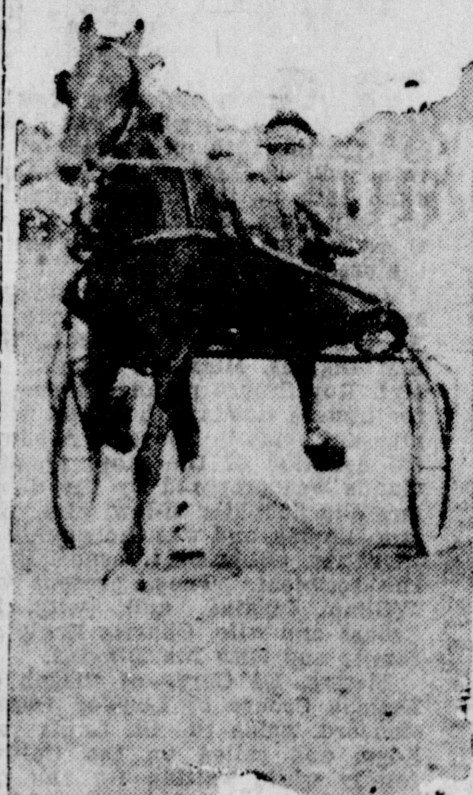

Photo by American Press Association.

Peter Volo, the great colt who has made such a wonderful trotting record as a one and two year old, is up against the hardest season of his career. The big futurities this year come in a bunch, which will necessitate racing a great deal in a very short time. In view of the fact that Peter Volo has been racing all his short life and has held records in both one and two year classes, he may not be able to stand the strain of a vigorous campaign. If he does survive he should top Baden's great record of turf winnings.

## WORLD'S LATEST FINANCIAL AND MARKET NEWS

## MEXICAN SITUATION GIVE BEARS CONTROL OF STOCK EXCHANGE

Selling Movement Is Small in  
Volume and Most of Losses  
Are Reported to Be Slight

## WESTERN UNION UNDER PRESSURE

NEW YORK, June 17.—The drift  
of stock quotations today was down-  
ward. The selling movement was  
small in volume and while there were  
occasional losses of size, the average  
change was slight. The course of  
the market during the last two days  
indicated that professional traders  
were inclined to take a position on  
the short side but their operations  
failed to induce liquidation.

Bearish sentiment was promoted  
by disturbing reports regarding the  
Mexican situation. There was a temporary cessation  
in the engagement of gold for ex-  
port to Europe owing probably to  
the fact that no steamer available  
for shipments sailed before the end of  
the week. Exchange rates relaxed  
somewhat from the high level of  
the present movement. Money rates  
were stiffer. Western Union was  
under pressure, yielding sharply for  
a time. Its weakness was ascribed  
to the fact that the syndicate which  
took over the American Telephone  
holdings of Western Union amount-  
ing to \$24,000,000, expires on June  
24th.

## Why Suffer From Rheumatism?

When relief from rheumatic pains may be had at so small a cost it is surprising that anyone should fail to avail himself of it. Joseph Capparelli, Canastota, N. Y., suffered intensely with pains due to rheumatism in his limbs for a long time. A friend told him about Chamberlain's Liniment. One application relieved him wonderfully, and a few days' treatment effected a cure. Many others have found quick relief by applying this liniment. For sale by all druggists.—adv.

## A WAY OUT

A Resident of Jacksonville Shows the Way.

There's one effective way to relieve kidney backache.

Liniment and plasters may relieve it.

But they seldom reach the cause. Backache is caused to suspect the kidneys.

Doan's Kidney Pills are for disordered kidneys.

Jacksonville people back them up. Read a case of it.

J. B. Seaver, blacksmith, 246 E. North street, Jacksonville, Ill., says: "I have used Doan's Kidney Pills with fine results and I am pleased to recommend them. I had pains in the small of my back, especially when I tried to straighten, after stooping. I used Doan's Kidney Pills and they stopped the pains. They also regulated the action of my kidneys."

If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Seaver had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.

## NORTHERN BAPTISTS MEET IN BOSTON.

General Convention Will Attract Many Ministers and Laymen.

Boston, June 17.—The general convention of the Northern Baptist church assembled in Tremont Temple today, and will continue its sessions until Thursday next. Thousands of prominent divines and laymen of the church from all parts of the country are in attendance. No fixed program has been arranged for the convention, but all of the church work which includes the activities of the foreign and home mission societies and the publication society, will be reviewed.

Unusual interest attaches to the meeting of the Foreign Mission society, the 100th anniversary of which is to be celebrated at the convention. The interest has been aroused by certain proposed changes in the conduct of the work of the society. During the past five years the church has accumulated a debt of \$250,000, largely, it is said, because of the expense of the foreign missionary work. A report recently made is to the effect that Baptist foreign missionary work in China, supported by money given by American Baptists, is below what it ought to be in efficiency. Since the last meeting the managing board has decided to abandon the mission in Central China at Hanyang, on account of the expense of maintaining it. This action has met with very vigorous opposition in some quarters and it is expected to furnish the subject for some spirited debates at the present meeting.

The general convention was opened this morning with an address of welcome by the Rev. Dr. Cortland Myers, pastor of Tremont Temple. The remainder of the initial session was occupied largely with the business meetings of the various state delegations. The final session of the day was devoted to the consideration of a new plan of work for the Home Mission society.

Tomorrow will be devoted to business and the further consideration of the home mission affairs. The Woman's Home Mission society will hold its sessions Friday morning and evening, with college and seminary alumni meetings in the afternoon.

Saturday there will be missionary centennial pilgrimages to Malden, Salem and Andover. In the evening the delegates will reassemble to listen to addresses on "Evangelism" by Rev. Dr. Milton G. Evans of Pennsylvania, Rev. Dr. J. W. Brougher of California, and Rev. Dr. J. D. Massee of Ohio.

The convention prayer meeting Sunday morning will be led by Rev. Dr. A. G. Lawson of New York, and the convention sermon will be delivered by Rev. Dr. Henry C. Mahle of Massachusetts. Prominent divines of New York, Chicago and other cities will address public meetings to be held in the afternoon and evening under the auspices of the Baptist Young People's union.

The sessions of Monday and Tuesday will be devoted wholly to the business of the convention. Wednesday will be given over to the celebration of the centennial of the Foreign Mission society. Among the speakers will be several descendants of Rev. Adoniram Judson, the first American Baptist missionary. Thursday, the concluding day of the convention, will be devoted entirely to the consideration of the affairs of the Foreign Mission society.

## ANNUAL REPORT OF PRES. BURROUGHS.

"Gentlemen of the Convention:—As your president during the past year, it becomes my duty as well as my privilege to give at this time an account of my stewardship, and also to make some recommendations for which I ask your earnest consideration."

"When our convention closed at Alton last year, our State Legislature was still in session, and there were a number of bills pending, in which we were interested. At my earnest solicitation Mr. Sol Westerfeld consented to continue to act as chairman of our Legislative committee. I desire to express my appreciation of his services, and to assure you that under his watchful care and able supervision our interests were well taken care of. I will not go into details in regard to matters of legislation, as Mr. Westerfeld will cover that ground thoroughly in his report as chairman of that committee."

"Owing to the fact that we are holding this meeting two months later than last year, there have been two meetings of the National Association of Retail Grocers with which we are affiliated. At St. Louis last year we were represented by a full quota of delegates from Illinois. At Louisville, Ky., last month we had fifteen delegates in attendance. In each case as your president, I made a report on behalf of the Illinois Association, other members of our delegation took an active part in the business of the convention. I feel that I can truthfully say that Illinois was ably represented by my colleagues both at St. Louis and Louisville. Our Past-President Mr. Geo. A. Scherer was signally honored at St. Louis, by being asked to reply on behalf of the National Association of Retail Grocers, to the greetings brought to us by Mr. Arthur J. Giles of London, secretary of the Federation of Grocers of the United Kingdom, who brought to us expressions of good will and friendship from the grocers of both Great Britain and France."

"During the year I have made one trip to Belleville, to confer with Treasurer Abend and Director Rauschkolb, concerning financial matters. One visit to Worden in company with several of our local members in an endeavor to interest their merchants, but with no results as yet. Last fall I attended a rousing good meeting of the Joliet association. One week ago tonight Mr. Long and Mr. Dierkes of our local association, and myself went to Staunton. Seventeen of their merchants signed the roster that night, every one of whom is in favor of joining the state association, and they will do so as soon as they complete their membership roll."

"Two years ago there was organized a National Federation of Retailers. In some respects it would be more desirable if we were affiliated with that body. The Kansas Retailers are affiliated with both associations. I trust you will look into this matter, as I believe its importance makes it worthy of your consideration."

"I hope to see the time when all retailers are merged into one great national association of retail merchants, with the grocers, the dry goods men, the hardware men, the druggists, and all other distinct lines of trade, each having its own individual section, and all together forming this great national body, whose power and influence would be strong enough to protect the retailer against all unjust legislation, to correct trade abuses, and enable the small merchants to render better service under fair trade conditions. "Goods can be distributed to the consumer more economically through the regular channels of trade than in any other way. But the retailer must be able to buy his goods at the right price, in such quantity as he can conveniently handle. In this we are fighting the consumers battle, because the great army of small stores in the aggregate, distribute many times more goods than the few large dealers."

"Our own Retail Merchants Journal has continued to improve during the past year under the able management of our secretary, Mr. Ham-brook. The Journal is carrying more advertising than ever before, and the quality of the reading matter has gradually become more interesting. I can not impress upon you too strongly, the benefits to be derived by a careful perusal of the pages of each issue of the Journal. I also request that each local have its secretary or some officer familiar with local conditions act as a regular correspondent for the Journal, that our members generally may have the benefits and opportunity of knowing what is being accomplished by our brothers in different parts of the state. No one knows better than I do, the enormous amount of work that has been done by our secretary, not only on the Journal, but along organization lines."

"The secretary himself will give you the details as to what has been accomplished in reviving old associations and securing new ones. While we have not accomplished in this line as much as we hoped for, we have done as much, I feel, as could be expected under the conditions that have existed. I also want to express my appreciation of the work done by our friend, Mr. George A. Scherer, who during the past year has looked after the publishing and mailing of the Journal. I personally am firmly of the opinion that too much of our time has been given to the Journal. I believe the securing of members, and enlisting their earnest co-operation is the paramount question in our organization today."

"In order to interest merchants generally, and hold them as active and earnest members, we must give them something more than an occasional article on business ethics. The practical man wants concrete results. To this end I urge that every local association use the Credit and

Rating System adopted by this association. I also find that the "Smith Collecting System" used by so many of our locals has been a strong factor in increasing and holding their membership. But in addition to these we must have a state-wide rating and collection system. I care not whether this system is owned and handled within our association, or whether we make an equitable contract with some reliable concern already established in that line of business. The point I wish to make is this: We want more members. To get them, we must show substantial and permanent benefits. And I hope this convention will not adjourn until some definite action is taken, which will put the Retail Merchants Association of Illinois upon a higher plane of usefulness. I do not desire to force upon this convention any individual ideas that I may have but feel it my duty to say to you that we will not be living up to the standards of the past, if we do not take some definite steps onward and upward. Progress is the order of the day in which we live. We can not stand still. Let us be up and doing."

"On behalf of the officers of this association I want to thank the members for their loyal support during the year that is past. In the earnest faces of those before me I read a fixedness of purpose and a determination which causes me to have no fear for the future. This is your convention, and I hope to hear the best thought from each one of you, during our stay in Jacksonville."

## SULPHUR IS THE ONLY THING FOR ITCHING ECZEMA

Use Like Cold Cream to Subdue Irritation and Clear Skin.

In the treatment of the various forms of disfiguring, itching and burning Eczema such as Acne, Ringworm, Salt Rheum, there is nothing known that can take the place of bold-sulphur cream.

It effects such prompt relief, even in the aggravated Eczema, that it is a never-ending source of amazement to physicians.

For years bold-sulphur has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying properties. Bold-sulphur is not only parasiticidal, but antipruritic and antiseptic, therefore invaluable in overcoming irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet in every instance it instantly stops the agonizing itching; subdues the irritation and heals the inflamed, raw skin right up and it is often years later before any Eczema eruption again appears.

Those troubled should obtain from any good pharmacist an ounce of bold-sulphur cream and apply it directly upon the abrasion like an ordinary cold cream. It isn't unpleasant and the prompt relief afforded is very welcome.—adv.

W. Z. Tucker of Greenville paid the city a visit yesterday.

## ECHOES FROM T. P. A. STATE CONVENTION

The June number of the Travelers Protective Magazine devoted more space to the account of the Illinois State convention which met in Jacksonville than any other state convention reported. The following are some of the paragraphs taken from the account:

The state convention attendance was large, the weather ideal and the entertainment was one continual round of pleasure. Harmony and good fellowship reigned throughout the entire meeting and the 24th annual convention of Illinois Division will go down in T. P. A. history as a most enjoyable and pleasant memory.

The dinner given at Illinois Woman's college Friday evening was one of the most delightful repasts ever served to a T. P. A. gathering. The food was well cooked, daintily served and was thoroughly enjoyed by every person present.

President Harker delivered a very pleasing address of welcome immediately following the dinner, and made a great hit with the ladies present when he declared that many of the travelers present had been frequent callers at the Woman's college, but this was the first time they had ever brought their wives along. Long live Dr. and Mrs. Harker.

The entertainment at the School for the Blind was most entertaining and instructive. Many of the visitors had never visited an institute of this character and were astounded at the work of the inmates of this most worthy state institution.

The parade Saturday morning was one of the longest and finest ever witnessed at a state convention.

The business district was beautifully decorated and many handsomely decorated automobiles carried the visiting ladies and officers and made a most imposing impression.

The visiting ladies greatly enjoyed the entertainment at the State School for the Deaf. Many of the pupils of this institution have never heard a sound but have been taught to talk and gave remarkable exhibitions of their skill.

A gloom was cast over many of the delegates on arriving at Jacksonville when they learned of the death of Brother Robert B. Fanning. Mr. Fanning was one of the best known T. P. A.'s in Illinois division and will be sadly missed. His family have the sympathy of our entire membership.

The Jeffries Band was greatly enjoyed by all.

The visit to the Capps Woolen mill was thoroughly enjoyed.

Charles F. Ehnie and his charming wife were very attentive in looking after the entertainment of their guests. Mr. Ehnie's large touring car was kept humming, showing the visitors the many points of interest about Jacksonville.

Mr. and Mrs. J. A. Munson, Louis Cain, Alfred Doolittle, Harry Myers and in fact every member of Post O did their utmost to show the visitors a good time.

MORE ANIMALS FOR NICHOLS PARK. Yesterday afternoon C. N. Priest, the Ford man, took Messrs. George W. Imgrund, W. N. Anderson, Terrence Brennan and Joseph Gomes, members of the Nichols Park Commission, over to Rushville to call on Warren R. Leach, breeder of wild animals for park purposes. Inasmuch as the public responded so kindly to the efforts to secure money for the deer so unfortunately killed, the park board felt it a duty to provide something in their place and to that end the gentlemen went over yesterday afternoon to see what could be done.

The sentiment was for the purchase of a pair of elk and a pair of deer and was to be the dog that gets in where there are elk; it will be the last of him in short order. A report will be made by the gentlemen on their return and the probabilities are that as soon as practice the people will have the pleasure of seeing more animals in the deer inclosure at the park.

### MISS IONE BROCKHOUSE WEDS WILLIAM H. GRAUBNER JR.

Ceremony Took Place Wednesday Evening at the Home of the Brides Parents, Mr. and Mrs. George W. Brockhouse, near Chapin.

A pretty home wedding was solemnized Wednesday evening at eight o'clock at the residence of Mr. and Mrs. George W. Brockhouse, near Chapin, when their eldest daughter Miss Ione became the bride of Wm. H. Graubner of this city. There was a large assemblage of relatives and friends and the service was impressively said by Rev. J. G. Kuppel, pastor of the Salem Lutheran church of Jacksonville.

The Brockhouse home was attractively decorated for the occasion by the use of pink and white flowers. The marriage was performed beneath a bower of flowers, a large wedding bell hanging in the center.

The attendants were Miss Esther Brockhouse, maid of honor, a cousin of the bride, Miss Leota Clampt, bridesmaid, and Mr. Edward E. Graubner, best man, a brother of the groom. The bride was becomingly dressed in a gown of white crepe meteor handsomely trimmed. She is a graduate of the Chapin High school and a young woman of many beautiful traits of character and life. The groom is the son of Mr. and Mrs. William Graubner of 316 East Franklin street, this city, and is a cigar maker by occupation. He is a young man who stands well among his friends and business associates.

Following the marriage a four course dinner was served. They were the recipients of a number of appropriate gifts. The young people expect to make their home for a short time at the residence of his father.

Among those present from Jacksonville were Mr. and Mrs. William Graubner, Sr. and family, Mr. and Mrs. William Spreen, and son Chas., Mrs. Rosa Osterholt, William Birdsell, Edward Osterholt, Rev. and Mrs. J. G. Kuppel.

### MATRIMONIAL.

Noll-White.

Word comes from Mt. Vernon, Ill. of the marriage of Parker Noll of that city to Miss Marion White of Lena, Ill. Mr. Noll was graduated from Illinois college with the class of 1912 and has since been engaged in teaching. While in college he took great interest in athletics, and won laurels in football.

A Mt. Vernon paper says of the marriage:

Parker Noll of this city and Miss Marion White of Lena, Ill. were married Friday, June 5, at the home of the bride. Mr. Noll has been teaching in the Stockton academy in the northern part of the state and he is now in Mt. Vernon with his bride to spend the summer.

Mr. Noll was reared in Mt. Vernon and is a graduate of the high school here. He has a host of friends in Mt. Vernon who will wish him and his bride the best of good fortune.

Dobson-Rhoades.

The marriage of Miss Ida Belle Dobson and Mr. Joseph F. Rhoades took place at the home of the bride Wednesday afternoon at three o'clock, the Rev. C. E. French of the Christian church at Virginia officiating. Members of the family and immediate friends only were present. The bride and groom left at 5:30 over the C. & A. for Peoria where they will reside.

The bride is the daughter of Mrs. Belle Dobson of 618 Jordan street, and has a large number of friends in the city who will extend her best wishes. She received her education in the high school at Virginia. The groom is the son of Mr. and Mrs. Anthony Rhoades and was reared in Pittsburgh. He is now employed in Peoria and is favorably known for his energy and industry.

The ring ceremony was used, with Miss Dorothy Dunavan as ring-bearer, and the ceremony was a very pretty one. The wedding march was played by Miss Vida Dobson, the bride's sister. The bride wore a handsome gown of white silk crepe, with shadow lace. Refreshments were served after the ceremony when the wedding cake was cut and search made for the various tokens. Miss Blanche Dobson found the ring, Miss Vida Dobson the dime, and Mrs. Frank Hauser the needle. The thimble was found by the bride. A number of useful and beautiful presents were received by the young people, as remembrances from their many friends.

Those present from away were W. C. Hofstetter of Virginia; Mr. and Mrs. Frank Hauser and N. M. Hauser of Concord.

### FRANCHISE MATTER STILL IN UNSETTLED CONDITION

Conference in Springfield Held in Judge Thompson's Office Did Not Bring Expected Results—Company Has Many Objections—Council Members Maintain Ordinances Were Supposedly Acceptable Except as to Price.

The conference held by members of the Jacksonville City Council and officials of the Illinois Traction System, with Judge O. P. Thompson, of the Illinois Utility Commission, in Springfield Wednesday did not produce the hoped for immediate results, with reference to the local franchises.

As a result of the conference, however, it was agreed that General Manager Chubbuck, of the Illinois Traction System, will come to Jacksonville Monday and enter into further negotiations with the city council concerning the franchise provisions. Those who attended the conference in Springfield, in addition to Judge Thompson, were Mayor George W. Davis, Commissioners Brennap, Engel, Knollenberg and Newman, City Attorney Thompson and W. B. Miser, local superintendent for the traction company. The conference was arranged for eleven o'clock but it was an hour or two later, before it actually began. Mr. Chubbuck stated that the meeting had been arranged with the idea of discussing fully a number of clauses and points in the proposed franchise and suggested that there were one hundred and one objections to the franchises from a company standpoint.

Members of the city council expressed surprise at this statement, saying that it was their understanding that the franchises, as submitted to the company and as subsequently passed by the council, were practically satisfactory to the company, except as to the prices for gas and electricity fixed therein. Mr. Chubbuck then went on to state some of the objections his company had other than price, and after these matters had been talked of for a few minutes Judge Thompson said that it had also been his understanding that the council and the company had practically agreed upon all points except the prices. He said, therefore, that in his opinion there was nothing to do other than for the council and the company representatives to get together speedily and agree upon all details possible and if there is a difference of opinion as to prices that the commission can then be called upon to settle these matters.

It was finally agreed that the suggested conference should be held next Monday in this city. Mr. Miser said last night that it was the desire of the company to come to a speedy agreement with the city council on all other details, except price, and then to agree upon a temporary price which shall be effective until after the utility commission has looked over their property and decided as to what will be an equitable charge for the service rendered and at the same time make possible a reasonable profit upon the money the company has invested in its local properties.

Members of the city council are not disposed to look with much hopefulness upon the proposed conference. They maintain that the franchise ordinances, as passed, had been discussed for weeks, that the company was entirely familiar with all the provisions and that they had been given to understand that there was no special objection, except as to the prices which were finally fixed when the ordinances were passed. It was therefore, their expectation that at the conference in Springfield yesterday there would be some final settlement with the company on the question of acceptance, whereas the result of the conference, evidently brought matters not more certainly near a final solution. To follow out the plan which the conference Monday was inaugurated may mean a long discussion of details which have been threshed over and over again during past weeks and months. It certainly does seem that enough time has been consumed in franchise discussion to get the matters to a final settlement and the council and the company should decide that the best way to do, is to speedily agree or disagree and then let events take their course.

### SOCIAL EVENTS.

A double celebration took place Wednesday at the home of Mr. and Mrs. C. C. Carter, of South Main street, the occasion being their 30th wedding anniversary and also the 57th birthday of Mr. Carter. Mr. Carter with the help of relatives planned a surprise for his wife and in turn was happily surprised by the company on account of his own birthday.

Mr. and Mrs. Carter were married in Milton, Pike county, Mrs. Carter being formerly Miss Carrie K. Collins. They have made Jacksonville their home for 26 years, being widely known and highly respected. Their children are Guy Carter, Mrs. Roland Stice, Edna and Pitner. All were able to be present yesterday except Mrs. Stice who is ill. Mr. and Mrs. Guy Carter were married just seven years ago Wednesday and yesterday was also the birthday of Charles Withee, one of the guests present.

A sumptuous chicken dinner was served at 12 o'clock and the entire day was spent in a very happy and pleasant manner. A fine birthday cake lighted with candles was the gift of Miss Edna to her father, which was part of the splendid repast. Mrs. Todd and daughter Elsie and Richard Perkins were among the guests present.

"Try Your Luck" was the watchword at the home of J. S. Hackett, 1404 South Main street, Wednesday evening at a novel social in honor of Miss Alice Payne Hackett of New York City. Miss Ruth and Miss Edna Hackett, the hostesses, had assembled on the lawn wheels of fortune, a Gypsy soothsayer and other devices for the testing of luck and the spirit of the occasion was carried out in all the games. The prize was won by Miss Esther Davis.

Refreshments were served under the trees, alight with Japanese lanterns, and after this, dancing on lawn and porch and within the house, became the order of the day. Seventy-five guests were present to enjoy the hospitality of the Misses Hackett and try their luck in numerous ways throughout the evening.
